Flat for rent - Budapest

Central location design studio is waiting for you. Equipped kitchen, air co, television, fast wifi, comfortable bed, hot shower. Don't miss it. The apartment is on the ground floor, only there are some steps at the entrance gate. Very clean and cool always, also in the hot summer days. Nice big matrass for comfortable sleep for two and there is a the sofa bed to hang out or watch tv. Shower cabin with hot water. There are plenty of channels to watch on tv. Hello happy guest.

You enter the entryway and kitchen in the same time to take off your shoes etc. You can drop off your shopping bags immediately too. From the kitchen you enter the living room area where you can watch tv or relax on the couch or have a meal at the glass dining table. The bathroom is available from the living room. Also from the living room there is a separated bedroom area with a huge double bed. Extra design lighting everywhere in the flat.

The studio flat has a perfect location for city travellers. You are walking distance from City park and City Centre in the same time. 4-6 tram is 5 minutes walk from your house and it runs 0-24 so you are easy to get home. The studio is only for you. You get keys to it and come and go anytime you wish.

The whole studio flat is only for you, it is perfect for 2 people but ideal for 4 as well if you have kids or friends who travel with you - I would stay for short term it can work. There is a microwave, water boiler, coffee mashine, electric stove and electric cooking surface in the kitchen. Air condition/heating mashine in the living room - cools and heats all the flat. There is a comfortable sofa bed directed to the television. There are plenty of channels on tv, also in english and other languages. Wifi is available in the flat.

Excellente expérience, appartement très agréable et bien entretenu en RDCH surélevé, très fonctionnel, à 5mn du métro Oktogon, avec une épicerie en face ouvert jusqu'à 22h. Maria fût très réactive et vraiment très serviable, je louerai à nouveau avec plaisir, cet appartement lors de mon prochain voyage à Budapest.

Neighborhood

Situé dans un quartier correct à 5 mn du métro Oktogon et de l'Avenue Andrásy.

The flat is lovely freshly renovated and pleasant. The only disadvantage is its location on the ground floor, so there is almost no sun in the flat. We spend there two weeks and it was ok.

Neighborhood

The best place to stay in Budapest. All attractions are close, but the flat is located in a quite area.
